

# General Fall Protection

## 1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIO SHA

## 2 Why You Need This Workshop . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (*2003 Liberty Mutual Safety Index.*)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

## 3 What You'll Learn . . .

Attendees at this training will review the MIO SHA Part 45 Construction Safety Standard for Fall Protection including the latest OSHA and MIO SHA interpretations. Examination of recent fatal falls in construction and discussion of the latest fall protection techniques for construction will be covered. Participants will also have the opportunity to ask questions.

### Agenda

*We offer a flexible  
program agenda  
to emphasize the  
topics you  
want most.*

- ▶ Review Construction Safety Standard for Fall Protection, Part 45
- ▶ Review Latest OSHA and MIO SHA Interpretations for Fall Protection
- ▶ Examine Recent Fatal Falls
- ▶ Discuss Latest Fall Protection Techniques

# Facilitator

Patrick Sullivan began his MIOASHA career as a compliance officer with the Construction Safety Division in 1994. Seeking a new challenge he transferred to the CET Division as a traditional consultant specializing in construction safety. He enjoys reaching out to employers and employees to help them be proactive instead of reactive to jobsite safety.

In 1976 Patrick started as a laborer and then in 1977 joined the Bricklayers Union as an apprentice. After completing his apprenticeship Patrick worked on many of Detroit's major building restoration projects. His MIOASHA enforcement experience and extensive knowledge of all types of scaffolding, fall protection and all other aspects of the construction industry make him a valuable teacher and consultant for the CET Division. His experiences investigating serious construction accidents and fatalities make him a passionate advocate for preplanning construction projects and promoting safety on every jobsite.

**Patrick Sullivan**  
*Construction Safety Consultant,  
MIOASHA, CET Division*

## Program Details
